

Confirmation Name

The name given to you at baptism is the name by which you were welcomed into the church and there is no need to choose another for the Sacrament of Confirmation. However, if there is a Christian person that you greatly admire or a Saint that you wish to model your life after, then you may want to choose that person's name to be your confirmation name. There should be a good reason, such as those stated, to choose another name; also, as part of your Confirmation preparation - you should learn about your Saint or Christian person and be knowledgeable about them.
